Terminology

- **Copayment**: The set dollar amount you'll pay for identified covered services or prescriptions
- **Deductible**: The set amount you will need to reach in a calendar year before you start paying copays or coinsurance for the identified services in your plan
- **Coinsurance**: A percentage of charges you pay for identified covered services. Example: A 20% coinsurance on a \$200 service means you'll pay \$40 for that service, if you have already met your deductible.
- **Out of Pocket Maximum**: The maximum amount you would possibly pay out of pocket in a plan year for covered services.

What roll do these terms play in the Kaiser Permanente plans?

<u>Term</u>	<u>Hospital Services Plan</u>	<u>Deductible First Plan</u>
Copay	All routine care	After the deductible is satisfied
Deductible	Inpatient stays, outpatient surgery, emergency room	All non-preventive services
Coinsurance	20% coinsurance after deductible	Durable medical equipment only
Out of Pocket Maximum	Overflow protection	Overflow protection

Recap of 2016 Deductible HMO plan options

This chart highlights the benefits and differences of the new Deductible HMO Plans

How do these deductible plans compare?

Incident Examples	Sample Cost Of Services	HMO	Hospital Services	Deductible First
Annual physical exam	\$95	No charge	No charge	No charge
Office visit (level 4)	\$150	\$10	\$20	\$150
Lab/X-Ray (wrist)	\$100	No charge	\$10	\$100
Hospital Stay	\$10,000	No charge	\$3,200	\$1,550
Severe Hospital Stay	\$120,000	No charge	\$4,000	\$1,550
Emergency Room Visit	\$1,500	\$50	\$1,500	\$1,400
Prescription (generic)	\$65	\$5	\$10	\$65

- Your annual physical exam is a preventive service. You end up paying “no charge” for this service, while Kaiser Permanente pays \$95.
- With this plan, you’ll pay full charges for most covered services, until you reach your deductible. You’ll end up paying \$145 for your office visit and \$65 for your generic prescription, in this example, before you reach your deductible.
- Once you’ve reached your deductible, you’ll only pay a coinsurance for your office visits and prescriptions.

Note: These are estimated costs only.

- cervical cancer screenings
- cholesterol screenings
- colon cancer screenings
- diabetes screenings
- immunizations
- mammogram screenings
- prenatal care visits
- preventive annual exams
- prostate cancer screenings
- well-child visits
- routine eye exams
- routine hearing screenings
- annual wellness exams

Some examples
of preventive
care include

Paying for care

When you check in for your visit, you will be asked to make an initial payment

Have Not met your deductible?

- Payment goes toward your deductible and out-of-pocket maximum.

Already met your deductible?

- Payment is your copay or coinsurance. These payments count towards your calendar year out-of-pocket maximum.

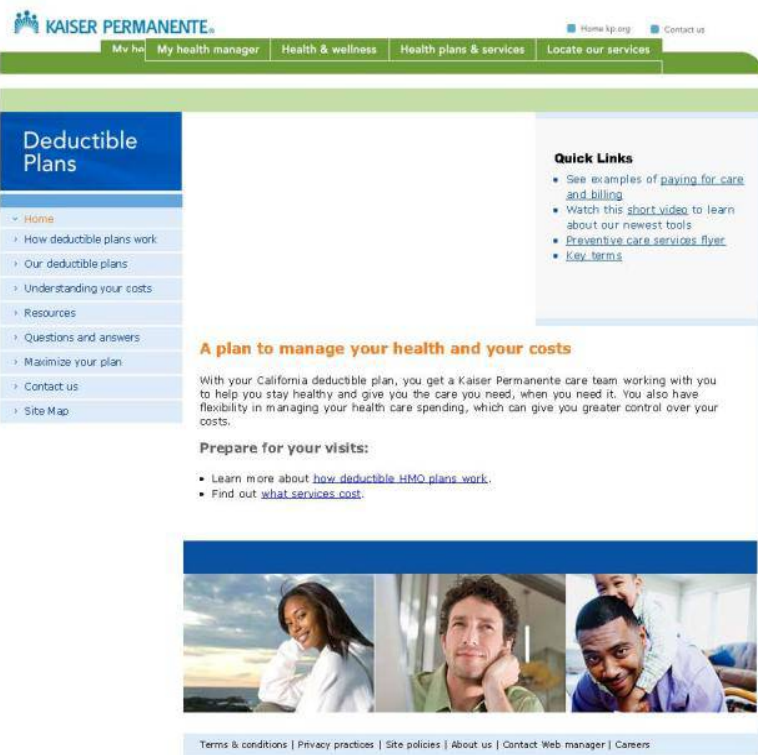

You will get a bill after your visit if:

- Your payment at check-in didn't cover the full amount you owe for the services you received during your visit.
- You received additional services during your visit.

Your two new Deductible HMO Plans

What is a Deductible?

- A deductible is the set amount you'll pay for services cost calendar year before you start paying copays or coinsurance for most services covered by your plan.
- Beginning June 1st, 2016, for identified deductible services, you will pay **100%** - out of your own pocket, until you reach the deductible amount. Afterwards, you will only pay the associated copay or coinsurance.
- Deductibles reset at the start of each calendar year (January 1st).

* Refer to list of preventative services.
https://healthy.kaiserpermanente.org/static/health/enus/pdfs/nat/nat_preventive_services_under_health_reform.pdf

What is an Out-Of-Pocket Maximum?

- Your annual out-of-pocket limits the total amount you could pay for covered services each calendar year.
- Your deductibles, copays, and coinsurance payments, including prescription medications, count towards your calendar year out-of-pocket maximum.
- After you reach your calendar year out-of-pocket maximum, Kaiser Permanente will pay the full amount for all covered services for the rest of the calendar year.

Our Deductible First DHMO Plan

Preventive care services are covered at no cost to you, even if you have not reached your deductible.

For most other covered services, including prescription medications, you first pay for cost of services until you meet your deductible first before such services are covered with a copay or coinsurance.

Once you have reached the maximum out-of-pocket, Kaiser Permanente will pay the full cost of all covered services for the rest of the year.

What services count toward my deductible on the Deductible First DHMO Plan?

You pay the cost of services up to the calendar year deductible

- Ambulance services
- Emergency Department visits
- Hospital care
- Imaging, laboratory, and special procedures
- Intensive psychiatric treatment programs
- Office visits (including services such as dialysis and physical, occupational, and speech therapy)
- Outpatient surgery
- Prescription drugs
- Transitional residential recovery services for chemical dependency

Preventive care services flier

At Kaiser Permanente, prevention has always been an essential part of our care philosophy. That's why your deductible plan offers most preventive care services—like routine physical exams, mammograms, and cholesterol screenings—at little or no cost to you, even before you reach your deductible.

See the list below for some of the most common preventive care services, which can help you stay on track for good health. Depending on your plan, your coverage for preventive care may vary. For a complete list of preventive care services covered under your plan, please see your *Evidence of Coverage*, *Summary Plan Description*, or other plan documents.

Covered preventive care services for adults

- cholesterol screenings
- colorectal cancer screenings
- family planning services, including (but not limited to):
 - contraceptive counseling
 - family planning counseling
 - implantable contraceptives, such as intrauterine devices (IUDs)
 - injectable contraceptive drugs
- immunizations
- routine physical exams
- sexually transmitted infection (STI) counseling and screenings (including HIV, chlamydia, gonorrhea, herpes, and syphilis screenings)
- type 2 diabetes screenings

Additional covered preventive care services for women

- breastfeeding support, supplies, and counseling
- female sterilization procedures
- first postpartum care visit
- gestational diabetes screenings
- human papillomavirus (HPV) screenings
- osteoporosis screenings
- prenatal care
- routine mammograms
- routine Pap tests

Covered preventive care services for children

- developmental and behavioral screenings and assessments
- hearing and vision screenings for all newborns and children
- oral health risk assessments
- periodic well-child visits, including immunizations
- sexually transmitted infection (STI) screenings and prevention counseling for adolescents

You can get most preventive care services at little or no cost—even before you reach your deductible. See a list of common preventive care services for:

Sample Fee List

Kaiser Permanente 2013 Sample Fee List

Members in any deductible plan¹ can use this list to help estimate their charges.

NORTHERN CALIFORNIA

As your partner in health, we want to help you manage your health care spending. Knowing how much you can expect to pay for care and services can give you peace of mind so you can concentrate on the things you enjoy in life.

This Sample Fee List² shows you estimated charges for many common medical services—like office visits, lab tests, and X-rays—when you receive care at Kaiser Permanente facilities. Your charges may be different if you receive care or services from a contracted provider at a non-Kaiser Permanente facility.

The amount you pay out of your own pocket for a service will depend on your plan coverage, whether you've reached your deductible or out-of-pocket maximum, and other factors. The amount you are asked to pay may be a copay (a fixed dollar amount you pay for services) or coinsurance (a percentage of charges you pay for services).

Use this Sample Fee List to help with the following:

- Review your benefit options during open enrollment. If you have a choice of plans, the amount you pay out of your own pocket for care may vary, so knowing how much services cost can help you choose the best Kaiser Permanente plan for you.
- Estimate how much you'll spend throughout the year for care and services at our facilities.
- Manage funds in your health savings account (HSA) or health reimbursement arrangement (HRA) to cover upcoming medical services.³
- Estimate the funds you may need for your flexible spending account, and manage them throughout the year.

For more information or to ask about a service not found on the list, please call the Member Services or Customer Service number on your ID card.

¹This Sample Fee List does not apply to medical services received from any network providers who are not Kaiser Permanente providers.

²The estimated member charges in this Sample Fee List are valid as of January 1, 2013, and may change without notice.

³You must be enrolled in an HSA-qualified deductible plan or a deductible plan with HRA to use these features.

If you are enrolled through a group's self-funded plan, your health benefits are self-insured by your employer, union, or Plan sponsor. Kaiser Permanente Insurance Company provides certain administrative services for the Plan and is not an insurer of the Plan or financially liable for health care benefits under the Plan.

*These services may be covered at little or no cost to you. Check your plan documents (such as your Evidence of Coverage or Summary Plan Description) to determine whether a service is subject to your deductible. If it is not subject to the deductible, you may have no cost or you may only have to pay a copay or coinsurance, depending on your plan.

These estimated member charges are valid as of January 1, 2013, and may change without notice.

Summary of Accumulation (SOA)

- This document lists all of your medical charges that accumulate towards your deductible and annual out-of-pocket maximum throughout the calendar year.
- Once you begin using your deductible plan, you will receive an SOA for periods when you have charges that count toward your deductible and annual out-of-pocket maximum.
- Keep in mind, services take an average of 30 to 45 days to appear on your SOA.

Your SOA is not a bill.

Page 1 of 4

Summary of Accumulation (SOA): This is sent following any activity on your account and lists all the services applied toward your medical deductible and out-of-pocket maximum. FSA/HRA/HSA members should keep this Summary of Accumulation and other health care receipts for tax purposes.

DEFINITIONS
Individual Deductible: A fixed amount of money you must pay in a calendar year before we'll pay for certain services. Not all services may be applied to a deductible.
Out-of-pocket maximum (OOP Max): The maximum amount you'll pay for eligible covered services in a calendar year. Once you've reached that maximum you won't have to pay any copayments, deductibles, or coinsurance for those covered services for the rest of the calendar year. Not all services apply toward the annual out-of-pocket maximum.
